### **EXAMINER'S AMENDMENT**

The following obvious, minor changes are made to remove redundant or duplicate claiming of structure. Since the dependency of claim 5 has been changed such that it ultimately depends from claim 3, where a base section is set forth in the last line thereof, claim 5 should reference "the base section" and not again define a base section. Likewise, the dependency of claim 8 has been changed such that it depends from claim 6. As the cap has already been set forth in claim 6, claim 8 should reference "the cap".

With respect to withdrawn claims 9, 10, 14 and 16-18, these claims depend from generic claim 6 which has been found allowable. As such these claims are hereby rejoined and allowed.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

#### **In the Claims**

In claim 5, line 3, change "a" to ---the---.

In claim 8, line 3, change "a" to ---the---.
